G. A. & J. P. CHAPMAN, Editors.

The State Sentinel will contain a much larger amount of reading matter, on all subjects of general interest, than any other newspaper in Indiana.

THE SEMI-WEEKLY EDITION Is published every Wednesday and Saturday, and during the session of the Legislature, three times a week, on Tuesdays, Thursdays and Saturdays, at Four Doltars a year, payable always in advance.

Is published every Thursday, at Two Dollars a year, always to be paid in advance.

\$1 in advance will pay for six months. \$5 will pay for three copies one year.

* * Persons remitting \$10 in advance, free of postage, shall have three copies of the Semi-Weekly one year. \$2 will pay for six months. \$1 will always be charged for the Tri-Weekly, and 50 cents for the Weekly, during the Legislative sessions.

ADVERTISEMENTS, will be inserted three times at one dollar a square of 8 lines, and be continued at the rate of 25 cents a square for each additional insertion. Quarterly advertisements, per square, \$5. All advertisements from abroad must be accompanied by the cash; or no attention will be paid to them. Or Postage must be paid.

MISCELLANY.

THE OAK-CURIOUS EXPERIMENT.-Take an acorn in the fall of the year, tie a string round it in such a way that when suspended, the blunt end of the acorn, pared in the inside of a bottle, or hyacinth glass, conwhere the cup was, is upward. Hang it thus pretaining a little water, taking care that the acorn does ple in this world are often caught in the same act, not reach the water within an inch; wrap the bottle and we shall always think hereafter, all over in flannel, so as to keep it dark and warm, the lead in all matters calculated to promote his sucthe acore will have swollen, its coat will have burst, cess, writing all his own puffs, and calling all his the end opposite the water. The point is the root; ing to wheel himself. the acorn is now changing its nature and becoming to his clerks, and continually seeking his own amusedark; still it must be kept clear of the water, and so ment-always absent from his counting house, and it must continue till the young root is at least half yet expecting to get along, he's sitting in a wheelbar-

the water to touch it. At this time, the acorn has him as sitting in a wheelbarrow and trying to wheel ceased to be an acorn, and has really become a young himself. oak; for the little point directing itself upward is the " beginning of that trunk which a century later may "hired help" trusting every thing to their manageform the timber of a frigate. As soon as the young ment; his fences down, implements out of repair, light, a little every day; and it also yearns for more and land suffering for want of proper tillage-too food, so that its root, which in reality is its mouth, proud or too lazy to off coat and go to work, he's sitmust be allowed to touch the water and drink it.

After these events have come to pass, our little nurshing breathes, and must have air; digests, and day to borrow a newspaper, and may be have to wait must have light; sucks greedily, and must have fresh vater given to its root, which, however, should never where the stem begins should always be kept out of the water. The net having been brought to this its the water. The pet having been brought to this its pound foolish" to advertise his goods for sale, but first state of existence, must be kept at the window.

Next will appear some little leaves; hair will befall off, and by slow degrees the leaves will arrange to a sparrow, and as no new the possess, and which were never greamed of, more than a non-themselves upon the stem, each unfolding from the beak and said, 'Pray let me go; what good can my and you must allow that it is not every body that dred years share, by the philosophic author of these beautifien in the efforts which will be made to secure to the Unitbosom of the other. But the federal party was not yet extinguished. Their extraordinary efforts in 1840 to d feat that able statesman, Martin Van Buren, aided as they were by the vilest devices, and by the grossest abuses of the money power, contributed with the singular condition of the country, to place them agoin at the head of the gove nment. It is not necessary Having purchased from Messrs Blair and Rives the whole for us to recapitulate the struggles which have since ensued to describe the indomitable spirit of our friends, or their final glorious triumph in the election of James K. Pelk. An-We approach the task before us with a deep sense of the other ea is then opened to us. His administration has just limited and less conspicuous than the metropolis of our con- ples of the Republican Faith, and to give to his administration a fair, liberal, and efficient support. We will oppose a
